No. G. 295 — Dated 22nd November 1904.

From

Lt. Col. John Smyth M.D., I.M.S.

Off. Senior Surgeon and Sanitary Commissioner

with the Government of H.H. the Maharaja of

Mysore, Bangalore.

To

S.K. Venkatavaradaiengar Esqr.,

Secretary to the Government of H.H. the

Maharaja of Mysore, General and Revenue

Departments, Bangalore.

No G 2958 dated 14th 22nd inst.

Sir,

In forwarding the Annual Report on the Lunatic Asylum for 1903, I have the honor to state that in its preparation certain figures were found incorrect in the Report for previous year (1902). It will possibly be recollected that the report for 1902 was largely compiled by a Lunatic and was correspondingly incorrect, The Assistant Surgeon then made out a fresh report which seemed on a superficial check to be correct. However as I have stated above, the compilation of the Report for 1903 has revealed several errors in the details of the figures. Accordingly a fresh and correct report for 1902 is now submitted. I need not say how much I regret that erroneous returns have been placed before Government, and the only way I could see to make matters right was, even at this late date to submit returns

turns

Draft - Review

Read :-

Report on the working of of the special Hospitals in Mysore for the year 1903.

To the Senior Surgeon and Sanitary Commr with the Govt of Mysore Genl order

Review thereon No 3224 R.F (118-21) — 4

Dated Bangalore 18/2/05 January 1905

File No 118 84

Recorded with the observation that these special institutions are all being worked satisfactorily .

2. The chief causes of sickness among the lunatics during the year under retrospect should have been given in the body of the report as required by Government Proceedings No G 4109-20 dated the 16th February 1904, and the Senior Surgeon is requested to supply this information in his reports for future years .

3. It would have been well if the Senior Surgeon had reported with reference to para 5 of Government

Proceedings

Proceedings No G 1924 dated the 26th October 19o3, whether accomodation has been provided for Brahmin in-patients in Her Highness the Maharani's Hospital at Mysore . He is now requested to submit a report upon this point .

4. The construction of two wards in the Magadi Road Plague Camp (Bangalore City) - sanctioned in Government Proceedings No J 941-44 / Prisons 136-of 03 dated the 15th October 19o4 for the location of the lepers will , it is hoped ~~Government Press~~, afford ample accommodation for the Lunatics and effectually remove a long-felt want.

5. The Senior Surgeon now brings to notice that in the preparation of the report for 19o3, certain errors in figures were found in the report for the year 19o2, dealing with the section on the Lunatic Asylum, which was reviewed by Government in their order No G 1924 dated the 26th October 19o3, and has forwarded correct copies of the report on the working of the Lunatic Asylum

for

Flag Z

for that year . According to state ment No 1 now furnished the number of lunatics admitted into the Asylum during the year 19o2, was 68 (47 males and 21 females) and not 64, as was originally shown . Including the number at the beginning of the year , the total number of lunatics treated was 338 (247males and 91 females), and not 334 (244 males and 90 females) . This rise in the number has involved an alteration in the classification originally made of the lunatics admitted during the year, 19o2, according to their religion , sex , residence , occupation and ages , and the types of insanity among them. Statements 111 to V1 appended furnish correct figures of the lunatics as classified under the above heads. The number of lunatics that died during the year was 24, and not 21 as was first reported . Statement No

Vlll appended indicates the several diseases from which the lunatics suffered during the year 19o2 . The cause of insanity was ascertainable only in 14 cases out of the 68 lunatics admitted during the year . Statement No Vll appended gives particulars of the causes of insanity .

6. Criminal Lunatics . According to statement No 11 the total number of criminal lunatics was 52, and not 53 as was shown in the report already reviewed in Government Order of the 26th October 19o3. Out of the total number , viz 52, 5 were discharged and 4 died , leaving 43 (37 males and 6 females) at the close of the year 19o2.

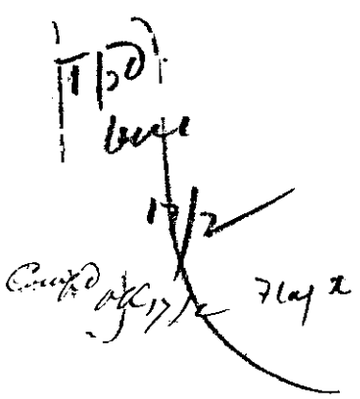
7. The only alteration that statement No 1X requires is that in its last column Rs 101-5-10 ought to be Rs 101-7-8 .

8. Lunatics of the Civil and Military station Including the 22 lunatics admitted during the year , the total number treated was 85(49 males and 36 females) and not 84, as was first shown in the report.

for 1902.
report. Out of this number 17 were discharged and 9 died, leaving 59 (35 males and 24 females) on the 31st December 1902. The amount recovered from the Residency on account of the cost of maintenance and custody of the lunatics of the Civil and Military Station, Bangalore, from 1st January to 31st December 1902, was Rs 6664-6-5 and not Rs 7534-13-6 as originally entered.

9. Statement No X has been omitted as it contains no corrections whatever.

10. As regards statement No XI, relating to manufactures in the Asylum, separate orders will be passed on receipt of the explanation called for from the Senior Surgeon in this office docket No (5340)-118-2 dated the 21st December 1904, with reference to the corresponding statement in the report for 1903.



X. Govt trust that the Senior Surgeon will in future carefully scrutinise all the reports & Returns before they are submitted to Govt.

Secretary.

To
The Senior Surgeon & S. Commr.
with the Govt of Mysore.

To

The Senior Surgeon and Sanitary

Commissioner with the Govern-

ment of Mysore.
